Re Pharmacy License #23038

W. Benjamin Fry, R.Ph.
San Benito

Dear Mr. Maguadog:

L. Susan Kedron
Dallas

During a recent Compliance Inspection of your pharmacy, conducted on November 4, 2014, you surrendered the compounded preparation(s) listed below to an Agent of the Texas State Board of Pharmacy (TSBP). TSBP then submitted the preparation(s) to an independent testing laboratory. If the preparation listed below was a non-sterile preparation, it was tested for potency; if the preparation was a sterile preparation, it was tested for potency, sterility and endotoxins. This letter is intended to provide you with the results of testing of the preparation(s).

Alice G. Mendoza, R.Ph.
Kingsville

Bradley A. Miller, Ph.T.R.
Austin

Phyllis A. Stine
Abilene

Joyce A. Tipton, R.Ph.
Houston

Charles F. Wetherbee
Boerne

Dennis F. Wiesner, R.Ph.
Austin

Gay Dodson, R.Ph.
Executive Director/Secretary
Austin

<u>Preparation</u>	<u>Potency</u>	<u>Sterility</u>	<u>Endotoxin</u>
Glutathione PF 100mg/mL	Glutathione 92.9%	Sterile	<1.0 EU/mL

The test results indicate that the preparation met criteria for potency, defined as $\pm 10\%$, unless a United States Pharmacopoeia monograph establishes a different range. Testing for sterile preparations should demonstrate that the preparation is sterile and free of endotoxins.

If you encounter any problems or have any questions or concerns that TSBP can address, please do not hesitate to contact me at 512-305-8078 or Ben Santana, R.Ph., Chief of Compliance at 512-305-8041.

Sincerely,

Tera McConnell, Pharm.D.
Compliance Program Officer
